

# Welcome to Nogeyama Zoo

Nogeyama Zoological Gardens of YOKOHAMA was opened on April 1 in 1951. The zoo is home of popular zoo animals like giraffes and Red Panda, and also of reptiles and birds. Visitors can observe the body features and behavior of animals by watching them from a close distance. The size of the zoo is moderate for a walk. It allows people of all ages to walk around to see the animals easily. We hope you have a good time in Nogeyama Zoo.
